

Blast off with Captain Cuke (Larry the Cucumber), his loyal first officer, Mr. Spork (Bob the Tomato) and the crew of the USS Applepies as they take on Luntar the Looter (Mr. Lunt), a power-hungry space pirate. While they dodge popcorn asteroids and evade a super-grabber, will our Veggie friends learn a powerful lesson about sharing?

1 How do you think Captain Cuke felt when his friends didn't share with him?

Ask your kids to talk about a time when a friend wouldn't share with them. How did that feel?

2 Carly didn't want to share her special teddy bear with her little sister. Have you ever had something special that you didn't want to share?

Listen to your child's story. Think of something you didn't want to share and tell the story to your child. Acknowledge that sharing can be hard to do.

3 What happened on the moon when explorers found Mewantium?

Discuss how, when people want the same thing, sometimes they fight over it. One person says, "I want the bigger piece!" And another one says, "I want it all!" Ask your kids, "How would they solve that problem?"

4 What happened to the USS Applepies crew when they wouldn't share a battery, a footstool or a screwdriver with each other?

Talk about how things can go wrong or arguments can happen when people won't share. Ask your kids what they can do differently.

5 Why did Luntar try to grab power from everyone? What could he have done instead?

Read Matthew 7:7 together and talk about the importance of asking for help, instead of taking what you want like Luntar did in this adventure.

6 How did the USS Applepies crew help save Luntar's planet?

Ask your kids, "Have you ever helped a friend by sharing?" How did that feel? When the crew shared their power with the

planet, they helped many people. "It is more blessed to give than to receive" (Acts 20:35).

7 Finish the sentence: "If we have enough to spare, we _____."

Answer: have enough to share

After reading Luke 3:11 together, brainstorm three ways your family can share with others.
